Disciplines: 2D/3D Animation, Motion Graphics, Visual Effects (VFX), Storyboarding & Animatics, Sound Design & Editorial, Channel Branding & Identity, Team Leadership & Mentoring

PROFESSIONAL EXPERIENCE

Senior Motion Designer | Helcim Inc., Calgary, AB

Jan 2022 - Present

- Spearheaded end-to-end 2D/3D motion design for high-priority fintech campaigns including the **Smart Terminal 2 Launch Video** and **Business Growth 3D Animation Ad** driving brand visibility and directly helping to increase product conversions across digital channels.
- Translated complex software features into highly engaging visual narratives for key product rollouts, such as the **Helcim QBO Integration Animation** and **Payment Extension Test Drive Video**, improving product understanding for merchants.
- Developed scalable storyboards and motion graphic templates for targeted marketing assets like the **Recurring Helcim Payments Video** and **Savings 3D Animation Ad**, streamlining cross-functional production workflows and significantly reducing turnaround times.

Senior Motion Designer (Remote) | Wondershare Technology Inc., Burnaby, BC

Jan 2021 - Dec 2021

- Designed and produced high-impact video effects and audio-synced edits for major global software releases, highlighted by the **Filmora 13 Launch Video**, driving user acquisition and engagement.
- Developed versatile, user-facing motion design elements and VFX packages for Filmora users including the **Technology Intros Pack**, **Trendy Transition Pack**, and **Landscape Background Pack** directly expanding the software's creative asset library.
- Led creative brainstorming sessions and performed technical editorial tasks to deliver scalable, launch-ready promotional assets utilized across multiple digital advertising platforms.

Freelance Motion Designer (Remote) | AdLiven, San Francisco, USA

Apr 2020 - Jan 2021

- Developed original storyboards, custom visual assets, and high-converting 2D/3D motion graphics for top-tier mobile titles including **Candy Crush**, **CSR2**, **FarmVille 2**, and **NFL Clash**.
- Produced targeted promotional videos and ad creatives for interactive games like **Game of Thrones Slots**, **Solitaire**, and **Spades**.
- Deployed video assets across 3 major digital media platforms (social, display, and in-app networks), directly boosting user engagement and ad performance metrics for these global franchises.

PROFESSIONAL EXPERIENCE (CONTINUED)

Motion Designer / VFX Artist | Jump Studios, Calgary, Canada

Apr 2018 - Mar 2020

- Produced standout visual effects for the **Jump Studio Demo Reel**, directly resulting in a **Silver New York Festival Award (2020)** and contributing to a ranking as the studio's #1 Motion Graphics Designer for exceptional output quality.
- Created high-profile broadcast VFX for the **ESPN College Football National Championship**, managing technical execution and maintaining strict studio quality standards under tight project timelines.
- Delivered seamless 2D/3D animations and VFX for the **Abracadavers** web series and **Mindfuel** educational videos, actively collaborating on live production shoots to ensure perfect integration with live-action footage.

Senior Motion Designer | Al Rayyan Satellite Channel, Doha, Qatar

Feb 2013 - Jul 2017

- Conceived and executed 3D opening title sequences and comprehensive channel "looks" for flagship programs including the **Mawater** automotive show and the **Qatar Shopping Festival** broadcast elevating the network's visual identity.
- Produced dynamic broadcast graphics and promotional packages for major national events, notably the **Mashaer** promo for the annual **Qatar National Day** celebrations, consistently delivering under strict, high-stakes broadcast deadlines.
- Directed and mentored a design team in Cinema 4D and After Effects, collaborating closely with producers to translate concept art into finished broadcast graphics and improve the team's technical capabilities.

Motion Designer | Orbit Showtime Network (OSN), Dubai, UAE

Jun 2007 - Jan 2013

- Conceptualized and developed comprehensive channel branding and on-air identity packages, highlighted by the core **OSN Ident** graphics.
- Produced high-energy TV promos, 3D animated sequences, and VFX for major network broadcast blocks, including the **Fight Night Movies Opener**, **UFC Promo**, and **Crime Saturdays Promo**.
- Created and animated dynamic 3D maps and technical diagrams that enhanced news and segment storytelling for live broadcast shows.
